

# Introductie nieuwe collectie wierook

## Top Poopunsri

Vanaf deze week introduceren wij een nieuwe collectie wierook gemaakt door Top Poopunsri en zijn familie uit Bangkok. Hieronder introduceert hij zijn familiebedrijf.

Making incense is a perfect blend of science and art. It has been an integral part of our family over half a decade and spanned over three generations. In 1950, our great grandmother began making incense sticks in her backyard as gifts for her family and friends. But with a higher demand in good quality incense, her Sunday hobby unexpectedly became a family business. Our company is the result of years of experience with hundreds of fragrance and secret family recipes which are passed down from generation to generation. Our commitment is to provide the best-in-class incense.

## The art of scent

The incense with our carefully selected natural ingredients, our customers can truly enjoy a premium fragrance of our incense with minimal smoke and perfect for everyday usage such as meditation, religious activities, and even for relaxation after a stressful day. We ensure that our products arrive in prime condition under Thailand industrial standard (TISI 2345-2550)

## Taking care of our staff and their children

Currently, we have around 40 employees in our company. All of them have legitimated social welfare according to Thai labor law including their salary and the right for medical service. We also provide housing to all employees and their families which is located nearby our factory with clean water supply and restrooms. Moreover, we provide an annual education scholarship to their children to those who have superior results above average.

## Scholarship

This year we were happy to provide 18 scholarships. Our employees tend to have a long career path and years of service in our company. Some of our employees started working with us when they were 20 years old and now just retired at the age of 60. If they wish to continue working with us, we could offer them a part-time job as senior employees.
